

TT-COVER 2014™

TRAUMA

- WARMING
- HYGIENIC
- TIMESAVING

TT-Cover™ is a disposable cover with an integrated head support. It is designed for optimum tensile strength. The 2014 version is upgraded in many ways and has been made a lot more user friendly. A thinner fabric has been developed with the same strength as previous version.

PRODUCT INFORMATION

TT-Cover™ is a disposable cover with an integrated head support. It is developed to achieve durability and safe immobilisation. The fabric is composed to reduce the loss of patient warmth and to prevent contamination of the TraumaTransfer™-mattress and the trolley. It is designed for optimum tensile strength. Tested for a work load of 150 kg in wet condition. Destruction of the used product shall be done by burning to reinvest the energy contents.

NOTE! Contains no polyurethane that produces potential cancerogenic waste when burning.
